HEY GUYS,

MY NAME IS WAY ^{34YO} AND HERE IS MY RESUME/CV

// ABOUT ME

Having more than 12 years of experience in the industry, and a strong educational background featuring a degree in Computer Science, I strongly believe I can make a significant contribution to your project. I've strong background in .NET (Web/Desktop/API Application) and PHP (Pure PHP and Laravel) programming and modern web development with Ruby-on-Rails, AngularJS and JavaScript Framework.

As a web developer I have solid HTML, HTML5, JavaScript and CSS3 skills and expertise in full-stack web development from back-end server application or API application to front-end user interface using JavaScript and modern UI framework such as AngularJS and Bootstrap including jQuery and css preprocessors.

I also have solid AngularJS, Angular 2, Laravel, NodeJS, RefineryCMS, Wordpress CMS, Ionic, Ionic2, PhoneGap skills, ReactJS, Meteor, Hybrid App and .NET platforms.

// EDUCATION

1983

I was born in Khon Kaen
A warm city in north eastern region of Thailand. I was born at 5th of January.

2004

Graduated bachelor degree in Computer Science
Here I found myself that I can be anything I want. Why coding is fun and learnt how to deliver my idea to the world.

// EXPERIENCES

IWA Labs
